

Voice of Care's mission is to equip the Church to nurture people with disabilities and their caregivers in their walk with Christ

This spiritual care and chaplaincy ministry for persons developmentally disabled and those who care for them was established in 1976 by the Northern Illinois District of the Lutheran Church Missouri Synod.

In 2003, **Voice of Care** became an independent, self-supporting Recognized Service Ministry of the Lutheran Church Missouri Synod.

Voice of Care relies solely on the support of congregations, service groups and individuals who value this outreach to people who have developmental disabilities.

SPONSORSHIP OPPORTUNITIES

Each year **Voice of Care** holds two fund raising events designed to bring together supporters and those people served by the ministry for a time of fellowship and fun.

Trivia Fun for Everyone

This inclusive, family-friendly event features trivia, gift card fishing pond, pizza and a silent auction.

voiceofcare.org

It is **Voice of Care's** hope that the proceeds from these two annual fund raising events will generate approximately 50% of the annual operating budget. This can only be accomplished with generous help from corporate sponsors.

"Mile for Mileage" Challenge

These short pledge walks of about a mile on wheelchair-accessible sidewalks are followed by a picnic box lunch.
